Located on the western side of [Kilcoy](#) (about 2.7km from the town centre) just off the [D'Aguilar Highway](#), the Kilcoy Showgrounds is a great low cost campsite for travellers.

The large grassy camping area is set far enough from the highway that noise is not a problem. The showers and toilets are basic but very clean and have disabled access. Many of the sites have power and water but there are no trees and therefore no shade. There is an onsite caretaker who helps maintain the area and collect fees.

Kilcoy Showgrounds is not far from the centre of town where you can top up on your supplies or have a meal at one of the two great country pubs. There is also a laundrette and supermarket as well as a variety of other stores in the main street area. There are many sight-seeing opportunities close by as well and Lake Somerset it only a short drive away so if you enjoy fishing, this is a great place to visit and spend a few days relaxing.

There is some mobile phone service (depending on your carrier) and television reception here.

Dogs are welcome at this campsite but please be responsible!

The maximum time limit for staying here is 7 days.
